Collaboration of leading Council HR suppliers

## A SEMINAR SERIES FOR COUNCIL HR PROFESSIONALS

HR professionals in busy regional councils often tell us that it is difficult to get the time to go to conferences and meetings put on by suppliers and industry associations usually in the major cities. HR is also a fast-paced environment where you're continually challenged to do more with less in each budget cycle. This is why we've created the regional seminar series – HRhub – coming soon to a regional centre near you.

HR leaders from selected surrounding Councils are invited to attend a one-day (9.30am – 3.30pm including lunch) **free** seminar covering up to date news, insights and trends affecting Council HR. Content covering **Recruitment** and **Organisational Development** is delivered in an intimate interactive format by Industry experts and includes a workshop and time for networking and information sharing with peers from neighbouring councils.
